Dandruff Scalps

Lead to Baldness

If you have dandruff you must get  
rid of it quickly—it's painful! Dandruff  
and will surely ruin your hair if  
you don't.

Dandruff leads soon faded, irrita-  
ble, gray, straggly hair that really  
wears and falls out—new hair will not  
grow—then you are bald and nothing  
can help you.

The only sure way to abolish dandruff  
is good is to destroy the germs  
that cause it. To do this quickly,  
surely, and safely and at little ex-  
pense, there is nothing so effective as  
Parlor soap, which you can get from  
W. L. Gobay and good druggists every  
where. It is guaranteed to banish  
dandruff, stop itching scalp and tailing  
hair, and promote a new growth,  
at the cost, small as it is, will be re-  
warding.

Parlor soap is a scientific pre-  
paration that requires all hair needles—  
an antiseptic liquid, neither sticky or  
greasy, easy to apply, and deliciously  
perfumed.

If you want beautiful, soft, thick  
dark hair and lots of it, by all  
means use Parlor soap. Don't  
delay—begin tonight—at little attention  
now insures abundant hair for years  
to come.
